- Project presentation will take place in room 440.
- Project presentation will consist of:
  - Turning in the project documentation.
  - Presentation of the application. The application has to be working correctly. Students are asked to come to the presentation with their own laptop for the presentation of the project. If the application is not working, the project grade will be 4.
  - Answering questions regarding the project (both from documentation and application).
  - Presentation for one student will take 10-15 minutes.

## Notes:

- Every student has to come to the project presentation with his/her own semigroup.
- Project presentations cannot be done with other groups or at other days/hours.
